

Spencer Strainer Systems

Test Lease Program

Spencer Strainer Systems offers a monthly lease on most of our self-cleaning strainer models. This enables you to verify the strainer's performance in your application, at low risk.

Features:

The lease is for 30 days from arrival at your site.

At the end of 30 days, the strainer can be returned, purchased, or continue as leased.

If purchased, 80% of lease cost applies to the purchase.

If returned, there is no further expense.

Each strainer is built to the application, to achieve the best results.

Factory start-up assistance is available.

To discuss your application, please visit us at www.spencerstrainer.com, or call 800-801-4977.
